LETTER OF DECLARATION

I, the undersigned below

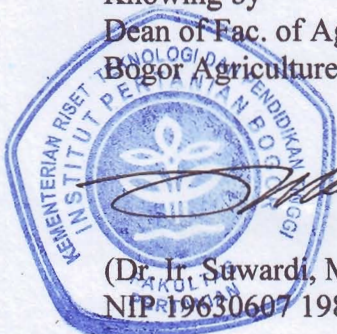

Name : Ir. Heru Bagus Pulunggono, MAgr
Position : Lecturer of Department of Soil Science and Land Resource, Faculty of
Agriculture- Agricultural University

On behalf of myself as first author and represent coauthors (Prof. Dr. Ir. Supiandi Sabiham, MAgr, Prof. Dr. Ir. Budi Mulyanto MSc dan Dr. Ir. Syaiful Anwar MSc, all are Lecturer of the Department of Soil Science and Land Resource, Faculty of Agriculture- Agricultural University) declare in truth that our manuscript entitled **"DECOMPOSITION OF OIL PALM FROND AND LEAFLET RESIDUES"** that submitted to Journal of AGRIVITA has never been submitted to other Journal or other parties for publication.

It should be mention that in the process of checking the similarity with the Turnitin Program which was carried out on 7th, 12th and 13th November 2018 following self-revision of the manuscript, the percentage of similarity was less than 30 percent, 20 percent and 11 percent, consecutively. On the fourth similarity check on 14th November 2018, however, it was detected that the similarity of manuscript was 98 percent. Further information of the latest Turnitin Checker is that our manuscript had been submitted to Jackson High School as a student paper. We hereby declare that we has never been submitted our manuscript to any party other than Journal of AGRIVITA. There seems to be a technical error in similarity checking on November 13, 2018, leading to information that our manuscript has been submitted to Jackson High School as a student paper.

This statement is made in truth with full awareness and without coercion from any party.
